CHRISTINE VAN RUYMBEKE

Biography

Dr. **Christine van Ruymbeke** is currently Soudavar Lecturer in Persian at the University of Cambridge, U.K. and has formerly been teaching at the Brussels Free University (Belgium), where she graduated. Her research interest lies in classical Persian literature and she has published several articles on the scientific knowledge in the works of Nezami of Ganja. Her forthcoming book is entitled *Science and Poetry in medieval Persia: The Botany of Nizami's Khamsa*. She is currently involved in an analysis of the 15th c. Herat rewriting of the *Kalila wa Dimna* cycles of animal fables.
